**STAINLESS STEEL ELECTRIC OVERHEAD CERAMIC INFRARED FOOD LIGHT**

**Features**

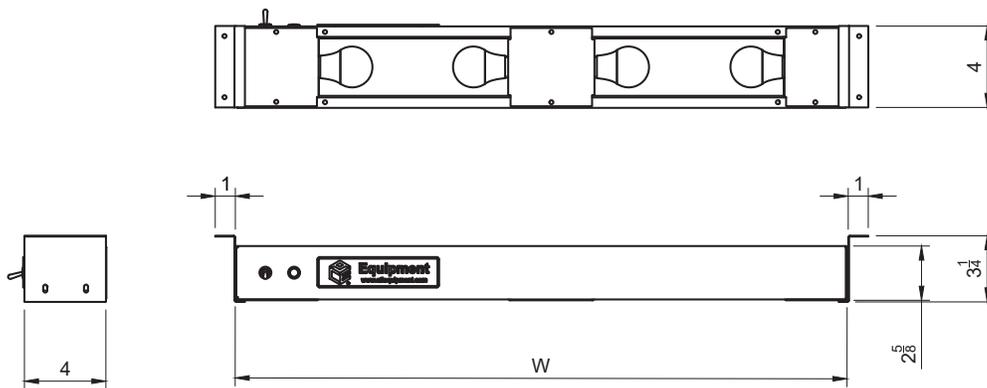

- Stainless steel construction
- Perfect for displaying food
- Shatter-Resistant incandescent light bulbs
- On/ Off toggle switch
- Easy to clean design

**Description**    **Stainless Steel Electric Overhead Ceramic Infrared Food Light**

Great for lighting your salad bar or deli counter, this display light brilliantly illuminates your food preparation and display areas! Its shatter-resistant incandescent lights combine with annealed reflectors to maximize brightness while an extruded housing provides you with long-lasting durability. This unit requires a 120V electrical connection.

**Plan View**    **ST-H30L**
