Description

Three Tubs Sink With No Drain Board

This sink is corrosion-resistant, more durable and built to last. Plus, it's easy to maintain and can be wiped clean at the end of the day. With the added drainboard you can increase your drying space and declutter your drying racks and countertops. With the added work space, you can organize your kitchen and create an efficient work flow. Your staff will appreciate the extra room and health inspectors will applaud your attention to standard codes and regulations.
